ABOUT

Welcome to Mid-State Technical College!

Mid-State serves the diverse and changing educational needs of central Wisconsin communities. We offer a range of opportunities for people in all walks of life; for recent high school graduates just beginning their college experience, for those wishing to transfer to a four-year college or university, for others wanting to change or enhance their careers, and for those who depend upon the college for learning in their "leisure years."

As you pursue your goals with Mid-State, I hope you will use our Web resources as a helpful tool. We have tremendous services available to you, as well as numerous faculty and staff eager to help you find success in our friendly, supportive college environment.

Our students and graduates annually accomplish many goals and achieve great success. When Mid-State students succeed, central Wisconsin communities gain substantial benefits—the majority of our graduates live and work here, helping the economy to prosper with a highly skilled workforce.

This website can help you plan for and achieve your educational goals—no matter what they may be. I encourage you to become part of the Mid-State Community. Please stop by for a visit at one of our campuses in Marshfield, Stevens Point, or Wisconsin Rapids, or our learning center in Adams.

I wish you much success as you work toward your future.
